Minutes: All parents received a thank you gift for participating on parent committee this year. We discussed our successes, we had 5 families attend at least two parent committee either in person or zoom. Parents enjoy the time face to face with other parents and staff. Do not care for the zoom and in person at the same time. Suggestions for next year: Bring back babysitting to get more parents involved, do two meetings, Zoom during day for parents who want to zoom and in person at night. Mattea gave us an update on Policy Council they went through some things that staff will hear about at a later date and the handbook for next year. The end of year we are going to do the ice cream and wear the kid designed t-shirts at the playground at the school, parents can come join the kids when they are outside. Miss Julie is trying to get a field trip set for Glen Oak Zoo on the 17th or 18th, date to be determined.
