

### Flower Name Creative Curriculum

Please help your child cut out each petal with the letters of their name on each one. Cut out the flower and glue it to the piece of construction paper. Then, arrange the petals around the flower to spell their name. Please return the project along with this slip filled out and signed by Friday, May 13<sup>th</sup>. They will be displayed in the classroom. If you have questions or concerns, please feel free to call 309-699-6843.

Miss Peggy & Miss Alexis
