## Monthly News – September 2022

### This Month

We are doing great learning our classroom rules and routines. We will continue to focus on them over the next few weeks. Please remember to send in extra clothes if you have not yet. Also, I still have a few families that have not sent their family picture. This is a very important part of our classroom. The kids love to look at the pictures and talk about their family members. I feel it gives them a sense of safety and security by having the board. It makes their day a little easier when they can look up and see the important people outside of school in their classroom. You can email one to me or send one in [jiles@twbsp.org](mailto:jiles@twbsp.org)

### Health or Nutrition News

Miss Chelsey, our Health Coordinator, wanted to let everyone know that we are currently in Cold and Flu Season. Wash hands frequently to help reduced the spread of germs. She also wanted to remind you that children will have fluctuating temperatures with these illnesses, which is why they need to be fever free without medication for 24 hours to return to school.
