

Miss Julie and Miss Michele

Monthly News

This Month

This month, we had a great time bringing our pumpkin patch field trip to the building. We learned how the pumpkins grow on vines and that the curly parts on the vine are called tendrils. The tendril's job is to keep the vine anchored to the ground, so the vines don't blow away. Each child got to go into the pumpkin patch and "pick" a pumpkin from the vine. We got to listen to a lot of fun stories and play with some new chip clip fingerplays. Next month, we will be talking about family, being thankful, and kindness.

Don't forget to check out the family of the week poster in the lobby to see who our family each week is!!

Have a great Thanksgiving holiday with family!!
