

Turkey Creative Curriculum Project

In class, we have been working on writing our names and recognizing the letters in our names. Here is a fun activity for your child to work on at home. We have attached an outline of a turkey body. Have your child cut it out and decorate it like a turkey. We have also attached strips of colored construction paper. Use the colored paper to make feathers and have your child write each letter of his/her name on a feather and glue it to the turkey. Have your child tell you the letters and the sounds each letter makes. Keep going over them and when you are done send it to school so we can hang it up. If you have any questions or need supplies, please let us know!
