

## January Monthly News

### This Month

**Welcome back! We hope that everyone had a great holiday season. For the month of January, we will be learning about and having fun with fairy tales and rhyming along with recalling the story and problem solving what they would do if they were in the story. Some of the fair tales would be Goldilocks and the 3 Bears and The 3 Little Pigs. We will also be doing science experiments with snow. The children will love to see what a real snowflake looks like. And just like them, no two are alike.**

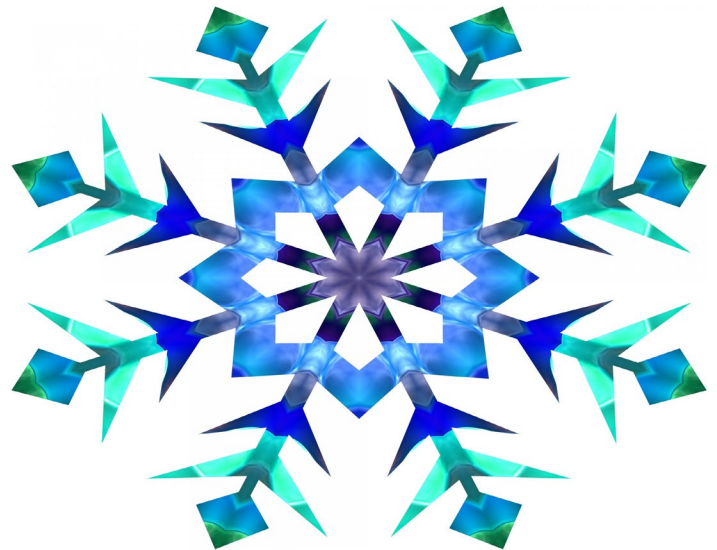

### Upcoming Events

**Return after winter break- Jan. 5<sup>th</sup>**

**Martin Luther King Day- Closed**

#### **Birthdays**

**Dominic 1/2**

### Pyramid Model News

We also review with the children about friendship and how to treat each other through many stories and fun interactive games. One story that the children like is Stick and Stone. The link is attached, and I hope that you enjoy the story as they do. It a great way to ask your child questions and to discuss how to treat their friends. <https://www.youtube.com/watch?v=XTYfji4YiS0>

### Health or Nutrition News

Please continue check your child's bag and add extra clothes in case of accidents, spills, or we go out and get wet from the snow we may have this month. We appreciate your help with this. We also ask that if children come to school with hats and mittens, could you please put their name on an inside tag. Sometimes we have duplicate hats and mittens, so they will be extremely helpful. Stay warm and healthy and have a great holiday season.
