This month

We wish everyone a Merry Christmas and a Happy New Year! When we return to school after winter break, we will be studying winter and winter animals. We have a lot of fun activities planned, including making some animal feeders to place outside, doing snow experiments and much more. Please continue to work on and return your “at home” activities. We love seeing what you come up with! Our Christmas around the world event went well and we had a lot of families come. It was nice to see you here at school with the children. I know they were excited about it.

Reminders

1/5 Children return to school

1/12 Parent Committee 5:15

1/16 No School MLK Day

1/19 Policy Counsel Mtg 5:30

Pyramid Model News

We have been working on being a team and being good friends. This includes what we call, “Sunshine circles”. The students love doing activities that encourage them to cooperate with each other. An example of this is pairing up in teams and doing things like blowing a feather to a friend who will catch it and blow it back so the other one can catch it or holding hands and trying to roll together across the floor.

Health or Nutrition News

Make sure that if your child is sick to keep them home until they are symptom free for twenty-four hours. We want to try to keep all children healthy. Dress for the weather and send in extra clothes if your child has accidents. Be sure to dress your child for the weather, we do go out when it is cold, just not for long periods of time.
