We have been learning about being kind in the classroom! Talk to you child about what they can do for others that is kind! You can even do some random acts of kindness together!

Health News

Please remember that it's very common for your child to get sick the first few weeks of school, because they are in a new environment. Practice extra hand washing like we do at school and call your child in, at 699-6843, if they are running a fever or not feeling well.
