

This Month

Hello April! We started out last month learning about Dr. Seuss and making hats. We loved reading about green eggs and ham. We have also been learning about birds and the different kinds of birds there are. We made bird nests and bird feeders out of cheerios and pipe cleaners. We also made paint brushes out of feathers and popsicle sticks. We ended our month talking about spring. We made trees, counted, and sorted lima beans, and planted spinach and peas. We've continued with letters, numbers, shapes, colors, and problem solving. We really enjoyed the Eatable Alphabet every Monday and trying yummy, healthy foods. We will begin April with Frogs and end April with Recycling.

Important Date

Pyramid Model News

We have continued working on problem solving in our classroom this past month. They are now able to problem solve independently. We love watching them grow and learn and they are excited that they can now solve problems on their own .
