

March Learn At-Home

Miss Debbie, Miss Alexis

This activity is to help your child learn to recognize uppercase and lowercase letters. Cut the eggs apart and mix them up. Have your child match the uppercase letters to the lowercase letters. Ask your child if he or she can identify the name of each letter. Have fun and don't stress if he or she doesn't know all of them. The more you play the more your child will learn!

Please mark the pairs of letters your child was able to correctly match below. Circle the letter pair if your child correctly identified the name of the letter.
