

This Month

April showers bring May flowers! We can't believe we are in our last 2 months of school. As we return from Spring Break, we will be exploring Spring weather, community helpers, and farm life and animals. If your family has anyone who has talents in these areas who could share, we would love to have them come in. We will continue working hard on number and letter recognition, along with letter sounds. We will also be preparing for our art show that's on April 11th and hope you will all be able to join us. As we prepare for the end of the school year, this is a good time to get your child's physical and dentals scheduled, if needed, to beat the summertime rush.

Pyramid Model News

Children learn best from consistency. Helping children learn schedules and expectations builds their self-confidence and helps them to be successful. Praise for doing well also gives children the courage to try new things that may be difficult and prepares them for changes to come.
