

This Month

We hope everyone has a wonderful Spring Break and enjoys their time with family and friends! When we return, we will be talking about our amazing body. We will learn about our brain, our heart, and how our muscles and bones help us move. April showers bring May flowers! We will finish out the month discussing Spring, planting, Earth Day, and get into bugs and insects. Just a friendly reminder to check Learning Genie for fun, engaging activities to do at home with your child. 😊

Pyramid Model News

We have been working on our solution kit, which includes ways to play fairly with others. Sharing and taking turns, asking nicely, and trading are the few that we have been working on. These are great skills to have to practice having patience with one another and to practice being kind.
