

## This Month

This month, the children will be learning about the five senses and learning about our bodies. Later in the month, we will be learning about trees. We are going to be doing some nature walks and looking for more colors on the trees as it starts to warm up!

Our art walk is on April 11<sup>th</sup> at the Family Center! This year we did things a bit different and instead of choosing a more traditional artist we chose illustrators from different children's books. The illustrator that our classroom got is LeUyen Pham. The book we are pulling ideas from is *Bear Came Along*. Make sure you stop by to check out your child's work!

**Reminder:** Please send an extra change of clothes in your child's bag!

4/22 - Earth Day

4/23 - Policy Council 5:30 @ the Family Center

## Pyramid Model News

This month, we are continuing to work on friendship skills. The children will be learning how to better join play groups and to ask for a turn instead of taking a toy from their friends. We will be reading books about sharing and having the children buddy up more often during small groups. The art project for the Art Walk will involve a lot of teamwork as well! The kids will have to work together to recreate a scene from the book.
